

UCOM INC

UCOM INC was created in 1994 to fill a specific niche in the marketplace. We specialize in providing the highest quality heavy duty vehicular electrical switches and components at competitive prices. UCOM products are renowned for their toughness and dependability in demanding situations. Robust construction is only part of the answer. Dependability is the result of smart design and strict adherence to exacting quality standards.

The U.S. Government trusts UCOM products enough to use them in a multitude of military vehicles deployed in theaters worldwide.

Our switches and components are fully compliant with the MIL-I-45208A Military Standard of Performance.

UCOM products are in wide usage in the trucking industry as well, appearing on many class 8 commercial trucks and other heavy vehicles.

UCOM is a proud three-time Defense Supply Center Columbus (DSCC) Supplier Excellence Award Winner.

We are committed to meeting or exceeding customer expectations in quality, delivery, and cost. Our products are renowned for their toughness and dependability in very demanding situations. Stringent quality requirements, product testing, and extraordinary people are key to UCOM's success.
